Summit Medical Group, the largest Primary Care Provider in East Tennessee (Knoxville), is seeking a full-time BC/BE AASM or ABIM Sleep Medicine Physician for out-patient clinic position. Summit Sleep Services is an AASM accredited 6 bed center that is one the largest private clinics in Tennessee. Services include consultation and follow up patient management, in lab and home sleep testing, as well as DME services for CPAP equipment. Nihon Kohden equipment is used for in-lab studies and ResMed Apnealink / Airview for home sleep studies. The Physician hours are Monday through Friday 8am – 5pm. The clinic is open for sleep studies six nights per week.

Summit Medical Group is a physician-led and governed group of over 190 physicians in 55 offices, in 12 counties of East Tennessee. We have 4 Diagnostic & Imaging Centers, 7 Physical Therapy Centers, 3 Express Clinics, and 1 Central Laboratory (5.96 Million lab tests run annually. Summit is nationally ranked in the top 10 nationwide for all three categories of NCQA recognition and provides healthcare services to over 260,000 patients and families a year.

Tennessee provides the backdrop for the good life! Whatever your interest or hobbies, Tennessee is home to urban places and wide-open spaces, with lots of scenic room to roam. Knoxville is the third largest city in the state of Tennessee with a metropolitan population of over 800,000. The city of Knoxville itself has a population of 185,291 and an unemployment rate of 4.3%. Tennessee has no state income tax and the cost of living is at 15.6% lower than the U.S. average. Knoxville is developing a progressive science and technology corridor, which is quickly emerging, as a national leader in the areas of sustainable energy. Tennessee has been ranked as No. 16 in the “Best States to Practice Medicine” by Medscape, 2016. Knoxville was named one 2016’s “Most Fun Cities in America” by WalletHub, one of the “American Cities Adding the Most Jobs This Year by 247WallSt.com, “Best Value City for 2016 by Trivago, and named 2016 Playful City USA community by KaBOOM.

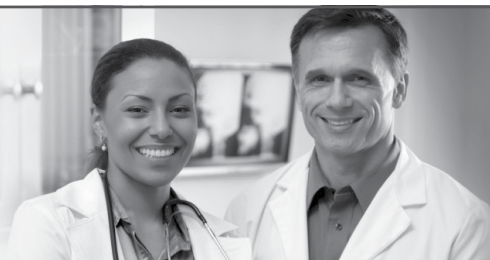

Tennessee’s lakes, rivers and parks provide the perfect setting for outdoor activities. The fine arts thrive alongside regional crafts and sports share the spotlight with great musical attractions. East Tennessee has a thriving economy and great public and private school system. Knoxville is home to the University of Tennessee, a major SEC member. McGhee Tyson Airport, a beautiful easy access airport, allows for uncomplicated travel within a 30 minute drive to downtown Knoxville.

Knoxville sits in the foothills or the Great Smoky Mountains National Park and is home to the University of Tennessee, with Division I sports and strong academic programs. Extensive water sports and hiking are available. A wonderful symphony orchestra, an art museum, and opera company provide are great additions to what Knoxville has to offer. Affordable cost of living, with no state income tax. Our area has excellent private and public schools.

NYU Winthrop Hospital

An affiliate of NYU Langone

NYU Winthrop Hospital was named the 18th best employer in the country by Forbes.

BC/BE Academic Sleep Medicine Physician - F/T

Mineola, Long Island, NY. NYU Winthrop Hospital is seeking a full-time BC/BE Academic Sleep Medicine Physician for its Division of Pulmonary and Critical Care Medicine. This is an opportunity for a well-qualified recent graduate or experienced faculty member to participate in the clinical and academic mission of the division. The primary specialty of the sleep medicine specialist can be pulmonary and critical care medicine or other specialties. If the candidate wishes to concentrate less than 100% in sleep, the remainder could be apportioned to a combination of pulmonary and critical care medicine. Although this is a clinically busy division, there is excellent divisional and institutional support for clinical research, and to a lesser extent basic research, which has expanded greatly with the newly-opened Research and Academic Building across the street from our divisional office.

NYU Winthrop Hospital is a 591-bed acute care teaching hospital, and an affiliate of New York University Langone Medical Center (18 miles away in Manhattan). Our institution is the Nassau County Clinical Campus for Stony Brook medical students. Academic appointments are granted from School of Medicine, SUNY at Stony Brook. The division has an 8-bed sleep laboratory for adults and pediatrics, expandable to ten beds, home sleep testing, and a separate sleep medicine practice site. 2918 sleep studies were done in 2016. The division also has a pulmonary hypertension program including right heart catheterization, interstitial lung disease program, full pulmonary function laboratory with bronchoprovocation and cardiopulmonary exercise testing, pulmonary

rehabilitation program, 20-bed MICU/CCU, point-of-care ultrasound, EBUS and electromagnetic navigation bronchoscopy programs. The hospital has a recently re-built 4500 sq.ft. simulation center with state-of-the-art equipment, a cancer institute with biweekly thoracic tumor board sessions, a subspecialist pulmonary pathologist, interventional cardiology laboratory, cardiothoracic surgery, a designated stroke center, and level I regional trauma center.

Our Division of Pulmonary and Critical Care Medicine is comprised of 10 full-time physicians, 8 pulmonary and critical care fellows and 2 sleep fellows; we offer ACGME-accredited fellowships in Pulmonary/Critical Care Medicine and Sleep Medicine. The Department of Medicine has 52 fellows representing all internal medicine sub-specialties, and 83 medical residents.

Interested candidates, please email with a letter of interest and C.V. to:
