**ASSISTANT OR ASSOCIATE PROFESSOR  
SLEEP MEDICINE PROGRAM DIRECTOR**

UCSD Department of Pediatrics (<http://www-pediatrics.ucsd.edu/Pages/default.aspx>)/Rady Children's Specialists of San Diego, a Medical Foundation, is committed to academic excellence within the faculty, staff, and student body. The department is recruiting to fill an assistant/associate professor position with an outstanding individual with energy, drive and excellent leadership skills, who will serve as Director of the Sleep Medicine Program. The Division's nationally-ranked clinical program is expanding and growing, with inpatient, outpatient and consulting services at Rady Children's Hospital San Diego and UCSD Medical Center, participation in multidisciplinary clinics, multiple regional satellite programs, and development of regional continuing education programs. The Sleep Center is expanding its capacity, and there are growing opportunities for outstanding basic and translational research at UCSD and in collaboration with the rich community of research institutions in San Diego. Candidates must have California medical license/eligibility, board certification/eligibility in Pediatric Pulmonology and Sleep Medicine. Individuals with appropriate experience and interest will be considered for the position of Director of Clinical Services. Development of basic clinical/translational research programs and innovative educational programs are critical components of the position. Successful candidates will demonstrate strong or potential accomplishments in areas contributing to diversity, equity and inclusion, and a desire to play a leadership role in advancing UC, San Diego's commitment to achieving excellence and diversity.

Salary will be commensurate with qualifications and based on University of California pay scales.

Review of applications will begin on May 31, 2012 and continue until a final candidate has been selected.

Please apply via <http://apol-recruit.ucsd.edu/apply> to the following job opening:

**PEDIATRICS**

Clinical Professor (Assistant/Associate Professor - Sleep Medicine Program Director) (10-398)

For consideration, you will be asked to submit a letter of interest, a curriculum vitae including the list of publications and professional activities, a statement of teaching experience, the names and email addresses of 3-5 references, and a personal statement summarizing past or potential contributions to diversity (see <http://facultyequity.ucsd.edu/Faculty-Applicant-C2D-Info.asp> for further information).

UCSD is an Affirmative Action/Equal Opportunity Employer with a strong institutional commitment to excellence through diversity.

**PEDIATRIC PULMONOLOGY AND  
SLEEP PHYSICIAN OPPORTUNITY**

The Division of Pediatric Pulmonary and Sleep Medicine at the University of Utah School of Medicine is recruiting a Pediatric Pulmonologist with Sleep Medicine experience. This is an incredible opportunity to join a collegial academic environment and work in an established children's hospital ranked as one of the best in the US. Qualified candidates must have a M.D. or D.O. degree, have successfully completed a Pediatric Residency Program, and be Board Qualified/Board Certified in Pediatric Pulmonology and in Sleep Medicine. Academic appointment and rank will be dependent on qualifications.

The Pediatric Pulmonology and Sleep Physician will join a team of 4 other pulmonologists located in Primary Children's Medical Center. Approximately 50% - 75% effort will be in Pediatric Sleep Medicine with the remainder in general Pediatric Pulmonology. Depending on experience and interest, this position may also include the Sleep Program Directorship at Primary Children's Medical Center. The Division of Pulmonary and Sleep Medicine is committed to excellent patient care, teaching and research. The division includes an active and growing sleep program, a large CF Center with 260 pediatric patients, active programs in flexible bronchoscopy, home ventilation, asthma, chronic lung disease, and non-invasive ventilation, and a developing program in neuromuscular diseases. The division has a large group of ancillary staff including 3 nurses, a social worker, a CF dietician, 2 research coordinators, 4 pulmonary function technologists, and several sleep technologists. Primary Children's Medical Center is a free-standing state-of-the-art pediatric facility with 289 beds and is a top-ranked children's hospital with more than 240 pediatric faculty covering all pediatric subspecialty services.

The University offers a competitive salary and an unmatched benefits program, including non-contributory retirement contributions of 20.2% of annual salary that vest immediately. We have an established faculty development and mentoring program designed to help faculty succeed in translational or basic research, and to thrive as educators. The Department of Pediatrics offers a medical education debt repayment program for junior faculty. Salt Lake City combines the amenities of a metropolitan area with over one million residents with the advantages of year round-outdoor recreation within minutes in every direction. An attractive, safe and affordable city, we offer unequalled views, a thriving economy, exciting nightlife and "The Greatest Snow on Earth." There are 21 national parks, forests, and monuments within a 7-hour drive of Salt Lake City which is also home to outstanding restaurants, theater, museums and art galleries, and the Sundance Film Festival in nearby Park City.

Interested individuals can apply at <http://utah.peopleadmin.com/postings/13820>. For additional information about the position, please contact: William M. Gershan, M.D., [william.gershan@hsc.utah.edu](mailto:william.gershan@hsc.utah.edu). The University of Utah is an Equal Opportunity/Affirmative Action employer and educator.
